Mrs. George Libby, assisted by Grand Senior, Mrs. Emma Cullinan and Grand Manager, Mrs. Alice Walker, all from Lake Temple, Pythian Sisters of Norway, installed the officers of Minnehaha Temple at East Stoneham, Saturday afternoon. In the party were also Mrs. Nettie Nevers, Mrs. Mary Lewis and Mrs. Evis Cook, all going in a large sleigh under the care of Ira Harman. The installation was a public affair and nearly a hundred from nearby towns were present and enjoyed a fine dinner served previous to the formal exercises. Before the exercises, the party were given a hot lunch which was doubly appreciated because of the long cold ride after sunset.

Albert J. Stearns has been in Boston this week on a business trip. Joe Dwyer of the Norway company and helpers have been having a hard time thawing frozen water pipes in the Bartlett block. So completely were they stopped, that an electric thawer was connected Thursday between the street light line and pipes in the building. This method brought results.

Tinker's Orchestra appeared before a large audience in the Opera House Wednesday evening with a pleasing musical program. The company were greatly handicapped owing to the absence of Mr. Tinker, because of sickness, also Mrs. Tinker was suffering from a severe cold and unable to present the usual vocal selections. The dance that followed was largely patronized, and the music high class.

Prof. William R. Chapman was in town Saturday looking over the concert situation. The Chapman Concert has in the past been a rare musical treat. Feb. 27th is the date set for the concert for this year.

Regardless of the storm Monday evening, a good number attended the Teacher's training class held in the Municipal court room. Mrs. William F. Jones was the instructor.

The covered dish supper and sociable to have been, given by the Missionary Society of the Congregational church Jan. 28 has been postponed until Feb. 2. This pleasing affair will be held in the church vestry and all ladies of the Parish are invited.

Nex Theatre was crowded to capacity during the two shows Saturday evening, when Manager Harriman presented "The Little Girl Next Door." This is a "problem" story dealing with city conditions which are being successfully combated through Purity and Social organizations.

The Brown, Buck & Co. Red Tag Sale that opened Saturday morning has been a booming success. Saturday evening extra clerks were added to the crowd and customers were handled rapidly. Business during the week was brisk and fully up to expectations.

Ed Dyer has the contract to clean the town property of brown tail nests. Several years ago when the state first put this issue of "picking" nests up to each town, Ed secured the first job, but found the eggs scattered through the town, collecting only a comparatively small number. The crew, Cliff Etheridge, Harold Thomas and Homer Truman are working in the tall Main street elms this week. After cleaning up the village they will attack the country road sides and private estates. The law is strict concerning the brown tail cleanups and this year the job is to be a thorough one with every land owner in the same boat.

VOLUME XLVII

BASE BALL TEAM BENEFIT

Norway fans want a town base ball team for 1917. Such sport costs money on the start. Where there are no "bones" to dig up, something must be done to find them, if a team is to be launched. A subscription paper idea will be the best resort to gather in coin, but L. M. Carroll of the Carroll, Jellerson Shoe Co. appears before the footlights with a novel scheme to which all interested might contribute with value received. It is a wrestling exhibition.

Now Mr. Carroll is no amateur promoter. He has followed the turf as a horseman, and been the man behind several speedy base ball teams and basketball quintets. Therefore this is no experiment with him. Associated with this shoe manufacturer is Tom Raymond, a foreman in the Carroll factory. He also has cut his wisdom teeth, having managed successfully the fast Rochester, N. H. ball team of professionals and been a prime mover in other sports. Swimming along in their wake are many Norway business men and local fans willing to back up any legitimate and clean proposition which may be offered toward starting a foundation fund.

To make a long story short, the Norway selectmen have granted a permit, Norway Opera House has been engaged, and a wrestling tournament will be pulled off on the evening of February 3. Two preliminaries will be called previous to the principal bout, all contestants being bona fide local wrestlers of class.

The plan as now outlined is to open up with a pair of "bantams," well known to all, they come into the 112 pound class. Carroll and Gregg will follow as middle weighters, making the mat at 165 pounds each. Both are well known here and need but short introduction. Carroll is a Company D soldier, having passed the summer at Laredo, Tex., and along the Mexican border. Those who have seen his work know him to be a tough, rugged proposition. Gregg came to Norway from Canada several years ago and is now a shoe maker. He has great strength, good mind and science. His friends are sure of his ability to hold up any amount of argument.

In the heavy weight class will be matched Truman and Rollins. Everybody knows Homer Truman and his mat ability. They recognize him as a clincher of no mean caliber, having strength in abundance and a ship loaded with grit. A summer training course with fast men has developed skill, which will crop out during the coming contest. At the present time he is training in the open, climbing the tall elms on Main street gathering brown tail nests. This exercise should fix the muscular system like rope and an impossible task to wear out. Many good wrestlers in Maine and New Hampshire have been his victims, so many local fans have great faith in Homer's powers to hold out against any ordinary artist.

"Yankee" Rollins, a 185 pounder of Rochester, N. H., is not so well known, but he has made shoes here since August. To within five years his wrestling ability has passed unquestioned, having held the New England professional middle weight championship. Performers who have lost to him during fifteen years at the game, were Dan Morris of Kansas City, James Harkes, Jim Procus and Young Procus, all of Lynn, Mass.; Winnifred Bartlett, Billy Lewis and Young Gotsch, a Y. M. C. A. star trainer at Beverly, Mass. The last match with Paul Sweeney, a 228 pound giant of Nashua, N. H. During the past six years Rollins has done little in his line, therefore a trifle out of condition. To offset this, training quarters have been provided in the shoe factory being fitted with a mat, ropes, medicine ball, a running track and other paraphernalia where Rollins and Gregg work out every evening, dragging off unnecessary fat. They take a half hour round together in speedy style, showing skill with ring tricks at every move. With another week of this strenuous work Rollins says he will be good for a match running all night if need be. You would not doubt his word after looking over that massive framework.

The promoters wish it understood that the whole proposition is strictly on the level. There is no frame up, selling out, or "stalling." Every match is to a finish and a square deal to all. Twenty-five per cent. of the proceeds are for base ball, the remainder goes for expenses and prizes.

Norway Grange Notes. The captains for the coming Contest have at last been secured. Eva Jackson and Grant Abbott are to fight the battle this year. We hope a great deal of interest on the part of the grangers, also the citizens of Norway will be manifested. The sides will be chosen Saturday.

Rufus Knight Morrill

Rufus K. Morrill, well known in this section and other parts of the state, died suddenly, following an operation Thursday afternoon, Jan. 18 at four o'clock. He worked as usual Wednesday hauling wood, but complained of severe pains in his side. A physician was called to his home at Norway Lake Thursday, and an immediate operation was deemed necessary, which was performed that afternoon by Dr. Webb of Lewiston. The patient failed to rally and the end came before he had regained consciousness from the anesthetic. Peritonitis was given as the direct cause of death. His age was 62 years, 3 months and 8 days. Mr. Morrill was born in Raymond Oct. 10, 1855, being the son of Jacob and Susan (Meserve) Morrill. He lived in Mason and Green until his marriage to Luella Mason of Mason on May 4th, 1880. About that time they came to Norway and settled on the farm where he lived, following the vocation of farmer and lumber contractor, until the time of death.

He was a member of Norway Grange, also of Norway Lodge Loyal Moose. Mr. Morrill leaves a widow, a daughter, Mrs. Charles W. Morrill, who lives on the home place, a brother Frank of Norway and a sister, Mrs. John H. Parke of Ayer, Mass.

Probably no man in the state was better known at the several fairs than Mr. Morrill. A large string of fine oxen and an ability to team them whenever drawing contests were scheduled, gave him a fine reputation which few contestants have enjoyed. A big, kind heart, and a sunny disposition won a large circle of acquaintances everywhere. He worked hard early and late, but for others for himself in a selfish way, but for others as well, who through unfortunate circumstances were not able to keep up their own work.

The funeral was held at his late home Sunday afternoon, Jan. 21st, at 1:30, Rev. C. J. Miller of South Paris officiated. A large number attended, many from long distances. The bearers were Charles F. Booby, Thaxter B. Doughty, Guy Ingalls and Dana Bartlett. Burial at Pine Grove Cemetery.

Arthur E. Morrison

Arthur E. Morrison, formerly of Norway and Rumford, died Sunday, Jan. 21 in the home of his son Robley Morrison, at Hudson Falls, N. Y., after a long illness from cancer of the liver and pancreas.

He was born at Rollingsford, N. H., June 27, 1862, being 54 years, 6 months and 25 days old. For a number of years he was located in Norway as clerk, where he married Fannie Blaisdell, daughter of the late Pleasant Howe, founder of the well known Insurance Agency. When Rumford commenced to boom, he moved there and entered into the business and social life of that busy town. Mr. Morrison was the pioneer in the real estate business, considerable real estate in Augusta, Bangor and other places. He was the first judge of the Rumford Municipal Court, which office he held for several years; was chosen secretary upon the organizing of the Board of Trade, being in a position to handle the town whenever opportunity called.

Leaving Rumford several years ago, he has traveled extensively over the state as life insurance agent with headquarters at Bangor. Rapidly failing health caused him and Mrs. Morrison to locate at St. Petersburg, Maine, where he died. Next week the service will be held at the funeral home of the late Mr. Morrison at Hudson Falls where he passed the few remaining days.

Besides the widow, and sons Robley, a chemist with the Union Paper Bag Co., and Fredland, of Rumford he is survived by several children, a daughter, Mrs. Harry and a sister, Etta Morrison, of Bangor. Another brother, George Morrison died last week.

The remains were brought to Norway Wednesday forenoon and taken in charge by the Oxford Lodge F. and A. M., of which he was a member. Owing to a short ritual service at the Pine Grove Cemetery. The body was met at the station by a delegation from the Masonic order. The bearers were H. B. Young, Dr. H. P. Jones, F. J. Cook and S. W. Goodwin. The body was accompanied to the funeral home by the family, two sons, Robley H. and Fredland, and a brother, Harry Morrison of South Berwick. The family left for Rumford where Fredland J. Morrison makes his home.

Baptist Church Notes.

John Blair is carrying on a successful schoolhouse meeting every Sunday evening at 7 o'clock. The theme in an extra meeting will be held on Monday night, the 20th, at 7:45 when Rev. G. H. Newton will preach. Come and hear him.

The recent Quarterly meeting was a success, the people generously contributing food or money and entertaining guests.

Parents are asked to send their boys and girls to service as well as Sunday School. We are forming a Junior Congregation for them under the leadership of Mrs. Guy Barker. There will be something at every service for boys and girls.

Browning Club Enjoy Banquet

The Browning Reading Club were royally entertained by Mrs. Henry B. Foster at her home, Monday evening, being assisted by Mrs. True C. Morrill and Genevieve Barker.

This was the annual banquet and covers were laid for thirty-six. The tables were attractively arranged and decorated with place cards and bright blossoms. A complete menu consisted of creamed chicken in potato shells, potato chips, cranberry jelly, pickled hot rolls, fruit salad, ice cream, cake and coffee.

An informal good time followed, with several guessing games and a short program. Mrs. T. C. Morrill and Genevieve Barker gave two piano duets, Mrs. Edith Bartlett entertained with readings and Miss Barker closed with a piano solo.

Mrs. Annie Meader, assistant foreman in the stitching room, has been out with an attack of grip during the week.

John H. Murdock

The community was shocked late Saturday afternoon by the sudden death of John H. Murdock, which occurred shortly after four o'clock. Mr. Murdock had been suffering from a cold for a few days, but had worked as usual except on Wednesday. Saturday he took his dinner to the shop as usual. Not feeling particularly well, he returned home about four o'clock and after removing his coat and loosened over in his chair dead.

Mr. Murdock was born in Newburyport, Mass., June 29, 1845 and was the son of Mr. and Mrs. Francis Murdock. His father and mother died when he was about 12 years old and he came to Albany to live. During the years he lived in Newburyport and Albany he received his education in the public schools. At one time Mr. Murdock was the town clerk of Oxford. The greater part of his life was spent in Bridgton, Mechanic Falls and Norway, where he has lived for the past fifteen years.

For about eleven years he traveled through Maine, New Hampshire and Vermont for the Norway Medicine Co. and during the past ten or twelve years he has been bookkeeper for his son, Frank W. Murdock at his machine shop on Grand Avenue.

Mr. Murdock was a member of Oxford Lodge No. 18, F. and A. M. and of Oxford Royal Arch Chapter, No. 29 and for a number of years was chaplain in these bodies. He was also a member of Cumberland Lodge, No. 1, F. M. Pleasant Biscampment and Endora Rebekah Lodge of Bridgton. To his duties in the several orders to which he belonged he was ever faithful and a constant attendant. While living in Bridgton he had the record of missing only six lodge meetings of the Old Fellows in six years and since living in Norway he holds a similar record, being absent only of actual necessity.

On January 31, 1870 he was united in marriage to Lucinda Maria Lovejoy of Norway. One son was born to them, Frank W., who survives him. He is also survived by his widow and two brothers, Frank B. of Dover, N. H., and William of Massachusetts, and one sister, Mrs. Mary Roberts of Lowell, Mass.

The funeral was held at his late home on Main street, Tuesday afternoon, Jan. 23, at 1:30, Rev. C. J. Miller of South Paris officiated. A large number attended, many from long distances. The remains were placed in the tomb at Riverside Cemetery.

Long Snowshoe Hike

Members of the Wazemanahawee and Little Pennessewassee Camp Fire Girls with their guardian, Mildred J. Holmes, and Dora Goldrup, enjoyed a real snowshoe hike Saturday, Jan. 20.

Nothing daunted by a zero temperature, the party including tote sleds followed the road to Norway Lake, strapped on their snowshoes and made across the pond to Harry Jones' cottage. A fire was built in the open and the girls thawed out their frozen limbs. The frozen air was thoroughly enjoyed although the canned beans tipped into the fire and were lost, the frankfurts proved tough, and oranges could be used for base balls.

Toward night the party divided, many recessed the lake and returned via Water street. The remainder hiked through woods and fields across country to Pleasant street, their home. About eight miles was covered during the whole time.

In the party were Marion Downing, Addie Longley, Dorothy Chandler, Lena Richardson, Dorothy Newcomb, Mary Jones, Frances Jones, Alice Bartlett, Madeline Hayden and Verna Westleigh.

Addie Witham and Katherine Morrison of Portland were recent guests of Mr. and Mrs. J. L. Witham at the farm.

Eddie Perrault has moved back from Lewiston and working in the shoe factory.

A large advance sale to "Feed-Up" which is to be played Friday evening in the Opera House, is an encouraging sign. Hugh Pendexter is much pleased at this indication of public appreciation, and assures all that the play, under Harriet's management, will be a most pleasing success. He announced the overture at 8 and curtain at 8:15 sharp.

Leroy Spiller moved his undertaking rooms to the Bartlett store, Wednesday, and assures all that the arrangements are to be made for the convenience of the business and when settled Mr. Spiller will have one of the best, undertaking parlors in the county.

Harry D. Cole, son of Mr. and Mrs. Harry D. Cole, has been reported from Ottawa as wounded in the knee and taken to a hospital "somewhere in France." This report is dated December 23, 1916. Nothing definite can be learned from the official message and Mr. Cole is trying to learn the particulars if that is possible.

Rev. Charles I. Spear drew a large number to the Deering Memorial Church, Sunday evening, at which time he read many letters in answer to certain pertinent questions submitted to many prominent officials. They were not all read owing to lack of time, but next Sunday evening they will be continued and sermon preached based on the answers given subject, "The Whirl of the World."

A musical program by Mrs. L. C. Smiley, Mrs. Virgil L. Wilson and Grace Dear violinist; also a chorus of twenty voices proved an attractive feature.

Something definite has been started that will at some future time give the town an up to date library. The beginning was made at a recent meeting of the Seneca Club, which voted to raise \$100 this winter for a fund, upon which to build gradually until the required amount has been gained. The stereoscopic lecture on Mexico, given in the Universalist church Friday evening by the pupils from the grammar school, proved intensely interesting. Fifty colored slides illustrating the country were thrown on the screen and each was described in detail by a student.

The proceeds were \$19.50 which will be applied to the cost of the lantern, which they will have in their school work.

Bene Michael, the night telegraph operator at the Grand Trunk station, is having a two weeks' vacation at his home in Canada. Clyde Love of Bethel is supplying.

A slight derailment at Gilead, held back the Wednesday passenger train from Portland. The train was held at 8:45 A. M., until 1:20 P. M. Eighteen lunches were ordered by the Grand Trunk from Mrs. S. C. Ordway at 12.10 and delivered at the station at 1:10 P. M. This extra call added to a family of fourteen hungry ones caused some worry, until the where-with-all was procured.

South Paris Water Supply Report

Dr. J. G. Littlefield, as secretary of the local Board of Health, has received the following letter from the State Laboratory of Hygiene which will explain officially the condition of the water as used generally throughout the corporation:

"I am enclosing the results of the analysis of the water sample of water from the public water supply of the South Paris Village Corporation. The following statement you can use in any way you may see fit.

"The analysis of this sample shows the water to be in safe and satisfactory condition to use for drinking, and for all domestic purposes. No chemical or bacterial evidences were found to point to contact of this water with sewage wastes, or to contact with contaminated surface drainage. In its present condition this water is a first-class drinking water."

"During the past year I have had four samples from this supply from you, while two other samples have come from the Grand Trunk Railway System. In all six cases the water has been in safe condition for drinking use, and the various samples have differed only as any surface water differs at various seasons of the year."

Rev. Robert J. Bruce of the Norway Congregational church will deliver a sermon-lecture in the South Paris Congregational church Sunday evening on "Bible Sunday, the Man of God." The speaker attended the Boston meetings recently, and this version as given in Norway Sunday evening, Jan. 14, is a fine character study of the Man and his message.

E. N. Anderson injured his thumb Wednesday afternoon while making repairs on the engine. He was using a knife cutting a hose, when the knife slipped and cut the vein leading to his thumb. The injury bled so profusely that he was unable to attend to his work and a substitute is taking his place.

HAS SOUTH PARIS FOUND THE SAME?

The Answer is Found in the Straight-forward Statement of a South Paris Resident.

We have been reading week after week in the local press of Norway, citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of South Paris will set this doubt at rest.

James H. Perry, painter, Pleasant St., South Paris, Me., says: "I can recommend Doan's Kidney Pills as I have used them with very fine results. I took four boxes of Doan's Kidney Pills, and they gave me prompt relief from pains across my back. Since then, I have been practically free from the trouble. Occasionally, however, I use a few of Doan's Kidney Pills and they keep my kidneys in a strong condition."

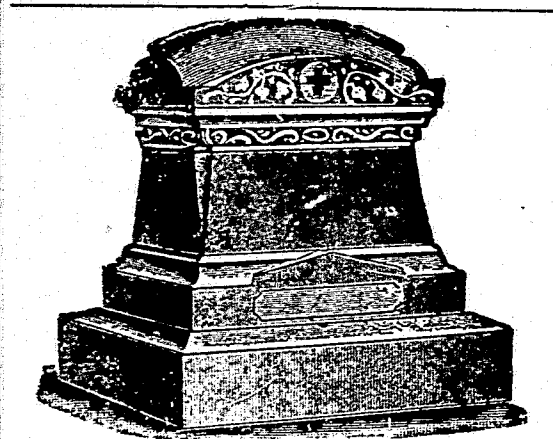

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Perry had. Foster-Milburn Co., Props., Buffalo, N. Y. 31-32

A SIMPLE WEDDING

It was on Christmas morning that their life together began. They simply stood with clasped right hands while the minister made the vows. They stood beneath a bridal arch. No wedding bell hung over them. They simply pronounced each other to love. Through all the years before them. There were no blushing bride's maids. No fairy flower girls. Only their own home circle. They were gathered about them there. She wore a gown of snowy white. No jewels or jewels rare. But to those who loved her. The bride looked very fair. There was no wedding breakfast. And no grand wedding tour. They went from the old home to the new. With a love sincere and pure. May their love and trust in each other. Each day grow more complete. With only enough of sadness. To make their joy more sweet.
Mrs. J. P. Howe.

Lindeman Quality

—If you seek all that a Piano should be

Lindeman Price

—if you seek this quality at the lowest cost

Lindeman quality in piano manufacture is so good, that the American public has honored it for eighty-one years. The Lindeman is almost the oldest piano in the country. It is one of the very few that have survived the searching test of years of service in homes where service was a very important point.

To secure this service for your home at a low price—and with the service, to secure such beauty of tone and construction—is a Lindeman triumph. It has taken years to accomplish, but the name LINDEMAN and continued attention to minutest details make it possible.

You will be better able to judge pianos after a visit to see and hear the Lindeman Piano. You will be attracted by its quality and its reasonable price, and there is absolutely no obligation to buy.

NORWAY AND VICINITY.**40TH ANNIVERSARY**

Mr. and Mrs. Francis H. Lovering of West Medford, Mass., were very much surprised to learn that they had been married forty years, Dec. 7.

About eight o'clock, just as Mr. Lovering was going out to see if everything was all right about his store, and Mrs. Lovering had accompanied him to the door, the bell rang, and about forty people stood there waiting to be admitted.

The surprised look on both faces, left no possible chance for any doubts as to whether the secret had been well kept or not. It was some time before they could account for such a gathering, as neither of them had a birthday in December. However, they were soon convinced that their friends knew how long they had been married, even if they had not thought of it themselves.

A very enjoyable evening was spent with music and games, and talking over old times with friends who had come from Mine, Dorchester and Ipswich, to congratulate Mr. and Mrs. Lovering. Refreshments, consisting of ice cream, cake and punch, were served by the young people.

Some very handsome and useful gifts were presented to Mr. and Mrs. Lovering.

The young folks gathered around the piano and sang "My Old Dutch," by Chevalier, a song very appropriate for the fortieth wedding anniversary.

Mrs. Chester Lovering read a poem which she composed and which caused a good deal of merriment, as it brought to mind some of the incidents of the early life of Mr. and Mrs. Lovering. It was as follows:

In the good old state of Maine,
There lived a young man,
Brave and true, Francis was his name—
One day he met the school-marm,
And courted her right well,
And I am sure 'twill do no harm
If I, their story tell.

For Francis did love Abbie,
And she was glad, I know,
To have so fine a fellow
As Francis was, for a beau.

But Frank, he got ambitious,
And Abbie said she'd wait.
Some fine day he started
Towards the old Bay State.

He was anxious to do well,
Making houses that would sell
And anything else there was in sight.
At last he bought a grocery store,
And was doing pretty well,
So he took a trip to see his girl.

The good news, to Abbie, tell,
In forty years ago tonight,
In Norway, the state of Maine,
A minister of the gospel said,
"You two are no more true."

For Frank had won his Abbie fair,
And took her for his own,
And brought her here to Medford town,
And built for her a home.

They toiled and worked together,
How hard most of us know,
Their joys and sorrows sharing,
As along life's path they go.

Just one thing more was needed,
To make their lives complete,
So God sent down from Heaven,
A baby boy so sweet.

They called him Chester Bennett,
And were happy at each hour,
And then a few years later,
Along came Stanley.

The older son is married,
And a Chester, too, has he.
So Grandpa and Nanna
Are as happy as can be.

Their children call them blessed,
For their toil and loving care
On them has not been wasted,
And that is why we're here.

To show our love and gratitude
And honor them this day,
To live, and work, and play.

EAST BROWNFIELD.

Harmon and Quint Places Destroyed
Fire broke out in the house of Thomas Harmon at 9 o'clock Friday morning and destroyed two dwellings a new store and a barn with a loss of \$3,500 and at one time threatened a portion of the town of East Brownfield with destruction.

With only snow as a weapon with which to fight the fire, a big crew of the men of the town succeeded in preventing the spread of the flames to other structures in the vicinity, confining them to the dwellings of Thomas Harmon and Mrs. Nancy Quint and a store and barn owned by Harmon. The livestock in the Harmon barn as well as the contents of the two houses and the store were saved by the volunteer firemen.

After the fire was discovered the usual telephone alarm was sent out to the subscribers who responded. When the help arrived at the Harmon place the fire had not broken through, but was roaring between the floors and partitions. With no firefighting apparatus to assist them, the volunteers were unable to do more than to remove the contents of the buildings and, by using snow, endeavor to prevent the spread of the flames.

Despite their efforts the fire communicated to an unoccupied house belonging to Mrs. Nancy Quint, which was destroyed. The loss on the Harmon property was \$2,500 and that on the Quint place was \$1,000 and both were insured.

BRIDGTON

Bridgton-Saco Railroad
Bridgton and other places along the B. & S. R. R., faced a situation unparalleled for 25 years on account of the train service being temporarily suspended. The coating of ice which formed on the rails Jan. 14, and which made it impossible to keep the engines on the tracks was removed by pick axes in the hands of over 100 men scattered along the 21 miles of tracks from Harrison to Bridgton Junction.

Sunday night the trainmen worked all night trying to get the road clear, but after two engines had gone into the snow banks it was decided that it was impossible to use the flanges to clear the icy rails so it was necessary to resort to the hand method. A crew of Italian laborers were sent from the Bridgton end toward the crew of local men who started from Bridgton. In the meantime passengers are going to Portland by auto or connecting with the Maine Central at Fryeburg, Brownfield or Bridgton Junction.

There was no mail from Saturday night until Tuesday afternoon when Railway Mail Clerk L. M. Brown went to Bridgton Junction by team and returned with the mail.

The new sheriff evidently intends to do his duty even if he displeases some of his business people. The punch boards have disappeared and Frank is keeping a sharp watch on others who have openly defied the law—and is to do his part to help stamp out the liquor selling in Fryeburg as well as in other places.

Mrs. Maurice E. Lakin assisted in the grand concert given at North Conway, N. H., on January 14 by the Mt. Kearsarge Choral Union. Other Fryeburg ladies intended going up to the concert, but the M. C. R. evening train was two hours late and that, to their great disappointment, prevented their attending it.

John F. Brown, here been visiting their daughter and family in Massachusetts.

There was a game of basket ball between the teams of Westbrook Seminary and Fryeburg Academy at the gymnasium, in Fryeburg, Friday evening.

The game was a fast, well contested game and was attended by a very large audience. The score was 27 to 14 in favor of the Fryeburg team. There were some good plays made, especially by Philbrook of the winning team.

Vera Howe is assisting in the post office in the place of Edna Chase who has finished her work there.

Mrs. William Howe of Winthrop has been among the recent guests of her brother-in-law and his wife, Mr. and Mrs. Charles H. Howe.

"Billy Sunday Service" Congregational Church

A large crowd was in attendance at the "Billy Sunday Service" at the Congregational church, Sunday evening, conducted by the pastor, Rev. Robert J. Bruce, who returned last of the week from a week's visit in Boston.

The service was of unusual interest from beginning to end. In the opening of the meeting Mr. Bruce announced the songs and urged as great a response in the singing as possible. No tabernacle meeting would be complete without the songs, "The Church in the Wilderness" and "Brighten the Corner where you are" and these with others comprised the song service.

In his opening remarks he gave a brief sketch of the life of Rev. W. A. Sunday, and told of several interesting incidents in relation to his trip to Boston. He said that he went there prejudiced to a certain degree, but that prejudice was wholly removed, that he firmly believed Billy Sunday was the Man of God of the present age, that he was giving his entire life to the work, and that he was doing it in the manner which many believed was the best adapted to the age.

He also showed by illustrative stories the whole heartedness of Sunday in his work, the earnestness with which he relates the old gospel message, the strength of his convictions and his fearlessness of the opinion of man, the attitude he takes in regard to those who oppose him, and the result or the success with which he is meeting.

Among the illustrations he used to show what Sunday is like at heart he said, that while conducting a three days meeting one summer not long ago he was given one of the collections for his own benefit and as the custom was, he went to the appointed bank and received the \$6,000 and had it made over in the name of an old retired Methodist minister, who was living nearby in a \$2,000 house which was not paid for and whose circumstances were meagre, having been a pastor in small parishes with small salary during his years of activity. This is only one of the many good uses to which he puts the money that is entrusted to him.

In regard to his sincerity in his work, Sunday is actually giving his entire life to the work of Christ which he believes is the will of God.

On leaving the platform immediately he is bathed and rushed to his bed to recuperate and gain strength for the next meeting. In relating the gospel message, he reads his text and immediately he is driving home the truth of the message in a language that can be understood by every man and woman in any walk of life.

In regard to the opinion of man, Sunday does not care the snap of his fingers what they think about his preaching; he is preaching the message of God and the contradictor's opinion of man has no weight. To those who oppose him, he lays up no grudge, but thoroughly believes it when he says, "Forget it, that is all right."

Mr. Bruce also gave extracts from several of the sermons which he had heard in his preach and brought out many interesting points.

In regard to his English, he said that he used the best, that the stories were absolutely pure and that there was not one objectionable thing about the meetings. In regard to the slang he said that of the seven meetings he attended he used slang expressions only twelve times, then it was the common expressions of the present day.

The entire service was exceedingly interesting and Mr. Bruce entered into it with a spirit that brought out the best in him and the work he was explaining. The church was nearly full and the audience was so intensely interested throughout the whole service that there was not a sound from the audience except when the speaker illustrated his points by stories. Other similar meetings are to follow on Sunday evenings.

Inspection of Co. D, at Norway Thursday, Feb. 15th. Sanitary units, detachment C. A., Feb. 19th at Norway.

Members of the Wazemanahaw Camp Fire Girls enjoyed a road hike Wednesday afternoon to Ruth Marston's home above Norway Lake. As the date of the marriage was kept secret, the couple arrived home safely after the ceremony, avoiding an embarrassing demonstration. They were received by the family with rice, confetti and the usual attractions freely given on occasions of this kind.

The couple will for the present reside with Mr. Meader's parents at 19 Brown street, but plan to have a home of their own later.

ONE NEW YEAR'S RESOLUTION.

Here is a good New Year's resolution: "I will throw the windows of my room wide open for a few minutes during each day in 1917."

I especially commend this resolution to each school teacher, suggesting that she change it to read "the windows of my schoolroom."

The proper way to proceed is as follows: Throw open the windows of the schoolroom before the termination of each recess period and just before the beginning of school. The students coming in from the outside all glow from active exercise and will not be disturbed by the low temperature of the room. In addition, whenever the children are beginning to show heaviness and mental torpor let the teacher direct them to stand at their desks, then have the windows opened, and while they are open let the children go through some calisthenic exercises. After, say five minutes, the windows are closed, the children will have fewer colds, contagion will be less in evidence and teaching will be both easier and more effective. Indeed, the teacher will find that her own health will be better.

Correct spelling is not altogether a lost art as the record of Ralph Watson, the Norway High freshman will show. From the beginning of the school year, Sept. 12 to Jan. 22, he has spelled 920 words and missed but one in the daily routine. This was not a special contest but "just ordinary." Mother went to a D. A. R. meeting the other night and retold the story of Big Chief Pausus and John Chamberlain at Lovewell's Pond, Fryeburg. They have a "marker" on the spot where Pausus fell. A pocket book with an elastic band around it was found on the sidewalk. It contained only a scrap of paper on which was written "Stung, stung." I know all about it as I picked it up. Mrs. F. E. DeCoster, wife of the postmaster, later discovered it and carried it away with her. This ends the story. No doubt the book belonged to Charles Edgar Bradford of hand laundry fame or at least it was so reported in a barber shop.

If the legislature is to change the present prohibitory laws, as it seems likely to do, why not adopt the law as drafted by Edgar F. Hanson of Belfast? If it is the desire to keep liquor out of the State and compel people to be temperate here is a bill which, if enforced, will do it.

An Act prohibiting the introduction into the manufacture of the giving, exchanging, bartering, selling, or disposing of ardent spirits, ale, beer, wine or intoxicating liquors, or compound thereof, within the State of Maine, providing penalties for violation thereof.

Be it enacted by the Legislative Assembly of the State of Maine:

Section 1. Ardent spirits, or any compound thereof capable of use as a beverage, or compound thereof capable of use as a beverage, or any ale, beer, wine or intoxicating liquor of any kind, shall not be manufactured in or introduced into the state of Maine except as herein expressly provided.

Every person, firm, club, association, or corporation, within this state, who sells, exchanges, gives, barter, or disposes of any ardent spirits, or any compound thereof capable of use as a beverage, or any ale, beer, wine or intoxicating liquors of any kind, or any mixture or compound which in part consists of intoxicating liquors, that can be used as a beverage, to any person, persons or association or corporation in the state of Maine, or who manufactures or introduces into, or is a party to such introduction, or attempts to introduce into the state of Maine, any ardent spirits or any compound thereof capable of use as a beverage, or any ale, beer, wine or intoxicating liquors of any kind, or any mixture or compound which in part consists of intoxicating liquors, that can be used as a beverage, shall be guilty of a misdemeanor and upon conviction shall be imprisoned not less than ten days and not more than two years, and in addition thereto shall be fined not less than \$25 nor more than \$500 for each offense, provided that nothing in this act shall apply to the manufacture or sale of denatured alcohol, nor to alcohol intended for scientific or mechanical purposes.

Section 2. This Act shall take effect and be in force on and after, etc., etc.

It is better to my mind than the Busaburger draft which contains "medicated, mechanical and sacerdotal" jokers which will allow respectable individual, social clubs and boot-leggers to operate against "Making Maine Dry."

Unquestionably I believe in this act should its citizens be allowed to use any, not even elder or elderberry wine, be its purpose sacramental or social, no exceptions should be made in the new law. After it has become a statute then enforce it. "Make-Maine-Dry." That is the object. Why not do it?

I would suggest giving the governor all the authority for removal and appointment of officers needed or thought to be needed with sufficient funds to enforce this law and make the state a shining light of absolute statutory prohibition.

The rights of individuals when they interfere with the public good should not be heeded and whoever feels aggrieved or injured in the enforcement of the law can go where laws are more congenial to them.

"Make Maine Dry" and do it now and don't fool about it any longer.

Joseph Keazer and Maria Keazer of Colebrook, N. H., and Arthur Clark of Chattanooga, Tenn., were recent visitors at Wm. C. Leavitt's.

CHARLES PARTRIDGE ESTATE

Josephine, wife of the late Charles F. Partridge, of Rochester, N. Y., died last week. Her husband owned a large interest and was one of the promoters of the Empire Last Works Co. and at his death some two years ago left an estate variously estimated around a half million. The income of the estate was going to his widow and Mr. Partridge's mother of Norway Lake during their life. After the death of the beneficiaries the estate is to be divided three-eighths going to Donald B. Partridge and the balance to the testator's wife's relatives.

Rochester papers say the transfer certificate recently filed indicates the Partridge estate at \$120,000.00, principally in the stock of the Empire Company.

Norway vs. Portland
In one of the fastest games of basketball ever witnessed in Norway Opera House between two prep. school teams, Norway High was defeated by Portland High Friday evening, score 19-18.

At the end of the first half Norway led by the score 8-7, but Klain, the captain of the High School quintet was badly hurt at the beginning of the 2nd half. Hunt also hurt his arm which he had broken a short time ago, so that put a cramp in the team, but nevertheless, they held Portland to a tie score until the end of the game. According to the rules of basketball if a tie game is played, the teams resume play in five minute periods until one side wins. This was what they did and Portland won the game by scoring a foul called on Norway.

Hunt was the star of the game, being the only man to score on Portland in the first half. He also did fine work on the foul line, caging six baskets out of a possible seven. Conolly played well for Portland. The line-up:

NORWAY HIGH SCHOOL Goals Point Goals
Evans, rf. 1 1 6
Hunt, lf. 2 2 6
Lebrooke, c. 1 1 1
Klain, rg. 1 1 0
Descoeaux, lg. 1 1 1

PORTLAND HIGH Goals Point Goals
Flavin, rf. 1 1 2
James, lf. 2 2 7
Conolly, c. 2 2 2
Needelman, rg. 1 1 1
Johnson, lg. 1 1 1

Officials—Referee, Murray of Bates; Umpire, Connellan; timekeeper, Parker; scorer, Harman.

In the game before the big game N. H. S. 2nd played and defeated the Paris quintet by the score of 28-0. There were frequent mix-ups but nevertheless Norway came through with a great victory and a shut-out.

Klain was the star man being everywhere when needed and getting several nice baskets from the floor.

Calvin C. Hussey
Calvin C. Hussey passed away at the home of his son, Hollis Hussey, Thursday night, Jan. 18th, at the age of 82 years.

Mr. Hussey was born in Leeds. His younger days were passed on his father's farm but at the breaking out of the Civil war he enlisted in the Eighth Maine regiment where he served for nearly three years with distinction and devotion to duty.

In his early manhood Mr. Hussey married Ellen Stevens, of Greene, and five children were born to the union, George Hussey of South Paris, Hollis Hussey of Norway, Edward, who is now dead, John Hussey of Norway and Martha Hussey of Auburn. He also leaves twelve grandchildren.

After the war Mr. Hussey worked in Auburn shoe shops for several years and for a time owned a farm in Norway. A few years ago he was admitted to the Soldiers' Home in Togus but was never quite contented in the place. He at last spoke in the highest praise of the home and its management but preferred to live among his children and old friends. Mrs. Hussey died some 20 years ago and since then the greater part of his time has been in Auburn.

He was very companionable and easy to form acquaintances and his friends were very numerous and attached. He was a fine gardener and every year found him working a patch of ground somewhere where he could raise squashes and other garden vegetables. These were always of the best and in this work he took great pride.

Mr. Hussey was a member of the Burdette Post in Auburn he loved to work an hour or two each day with the boys and in this club room he will be sorely missed. Burial took place in Norway.

Alfred K. Paul
Alfred K. Paul of Boston died Wednesday, Jan. 17, at the age of 70 years. He was the son of Mr. and Mrs. I. K. Paul of Searsmont and received his first education in that town.

Shortly after his graduation he enlisted and served in the Civil War with distinction. In one of the battles in which he was engaged he was severely wounded in the hand. From this, however, he fully recovered. After returning from the South, Mr. Paul became the proprietor of the Beals hotel in Norway, which he kept for several years. He then went to Boston where he became widely known as an expert accountant and examiner of tangled records. In this and other business he accumulated a fortune.

Of a very enterprising spirit he later began to purchase land in his native town of Searsmont, and this continued until he had more than 1000 acres. Here he built up a great dairy ranch at an expense of more than \$75,000. The Paul ranch, as it is termed, is widely known all over Maine and his 80 to 100 cows were the best blood money could buy. In this ranch he took great pride and was in the habit of making frequent visits to Searsmont in order to inspect the business.

Mr. Paul leaves two brothers and one sister: Adelbert Paul and Willis S. Paul both of whom have been employed at the Paul ranch; and Mrs. Clara I. Mears of Lynn, Mass. His younger days and has two daughters now married and living in Massachusetts. He was a member of numerous Boston clubs and was an ardent Spiritualist.

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIE B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

Kenyon-Chick
Alice E. Chick, a former resident of Norway, was married Wednesday, January 3, at the home of Mrs. A. J. Thompson at Somerville, Mass., to Elsie N. Kenyon of Fryeburg, Me. The ceremony was performed by Rev. Harry N. Chamberlain in the presence of about 35 relatives and friends.

Henry H. Hudson of Shepley Island, N. Y., was best man, and Mabel Brown of Beverly was bridesmaid. The bride was attired in a becoming traveling suit of blue broadcloth and carried white roses. The bridesmaid wore blue taffeta. The house was attractively decorated.

A reception followed the ceremony, and refreshments were served. The couple received many fine presents. Mr. and Mrs. Kenyon will reside in Franklin, Mass. Kenyon with her mother, Mrs. Lizzie Chick, resided in Norway a number of years ago.

There is a good picture of L. E. McIntire's sweet corn field and house in the Agricultural report of 1915. Mr. McIntire is one of the best farmers in the section of Maine and he makes farming pay. That is what his neighbors say.

Albert F. Canwell is improving in health while using the Allen treatment for diabetes. A twenty-four hour fast each week is still necessary and great care must be exercised in diet.

Court business unearths many peculiar names with unusual combinations. Register of Probate, Albert D. Park, illustrates the point with the following: An inventory of a Poland's estate which included deposits in three banks passed through the Probate Court recently. The deceased could not read, write or speak English and the several cashiers copied the depositor's name according to the weird pronunciation or sound. This is the result: George Andriuskaik, otherwise Georgis Andrijeoski, otherwise Toorgis Andriuskaik.

Friday was a cold day. Verne Walton the janitor at the County buildings was on the job about fifteen hours crowding steam and struggled to keep the office comfortable.

Paris High School orchestra has been doing excellent work under the direction of Mrs. Grace E. Barnes, supervisor of music. The band includes Chester Hammond, George Merrill, Glenn Ross, Gerald Curtis and Elizabeth Muzzy, violins; Mabel Bowker, cello; and Evelyn Wright, piano.

GENEALOGY OF FAMILIES

The annals for the new Norway History on which I have been working for the past few weeks, are practically completed, the narrative part having first received attention. The third branch to be now considered is the genealogies or family statistics. In some respects this will be the most important part of the whole book. It would take too much time and be impracticable for me to call on every person in town or interview every head of a family unless they come or send to me with names and dates what is required. If this or any great part of it should become necessary, it would delay the publication of the history for several years, which cannot be thought of. It must be completed this year.

The author needs the assistance of the people who care anything for a correct family genealogy. His researches into 75 different lines which come into his own, and that of many others, that have been traced back into England, with numerous works on genealogies and accepted authorities, furnish great facilities for the production of one of the most valuable town histories ever published.

No family genealogy should be considered complete unless the ancestral line can be traced to the American ancestor, the one who first came to this country. Scores of such family lines might be shown as running back through Revolutionary Patriots to the Puritans or the Pilgrim Fathers. To have such facts appear, if true, in his family statistics should be the pride of every citizen.

The ancestral line of one Norway family can be followed beyond the Norman Conquest to King Alfred the Great and Charlemagne. Several others to knights who fought at Hastings, some others to the 11th and 12th centuries. Des. John Dunham who has several descendants here though some are of other names, including my own, came to America soon after the Pilgrims landed at Plymouth in 1620, was a member of the first Pilgrim church society at Scrooby, England. I have his ancestral line for eight generations, which includes several heronets. All such lines if they can be obtained, are desired.

In the Centennial History are only 175 pages of family statistics and many of these are incomplete, owing to the negligence and lack of interest of those who should have furnished them.

The author of the new history can easily double the number of pages of genealogies and with the assistance of the people, should be equally interested with him, make it one of the most desirable parts of the book for general reference. The book will be printed on fine book paper be profusely illustrated, contain 600 or more pages with an up to date index, and will weigh about 4 pounds.

Mrs. Stella Hobson
Stella Hobson passed away January 11 at the home of her twin sister, Mrs. Geo. Elliott, where she had been since Sept. 28th. She made her home with her son, Leslie Hobson and family and had worked in the Elliott & Bartlett pool mill stamping spoons for 32 years and until she had to give up on account of failing health. She enjoyed visiting relatives and friends as long as health would permit.

Her suffering was great a part of the time before she died, but when she felt a little better was all courage and would say if she only could be well enough to be up around the house and stay with her twin sister. They were very devoted. Everything was done for her comfort. Her youngest sister, Mrs. Will Kilgore, though in very poor health herself, seemed she couldn't do enough, also her son, Leslie did all he could. Mr. and Mrs. Elliott cared for her until she got so very sick, then Mrs. Lillian Douglass stayed until the end. Mrs. Fred Black assisted them in many ways that they all greatly appreciated.

A willow chair was among them a gift from his shopmates at L. M. Mann & Sons' Clothes Pin Mfg. A generous treat of various kinds of confectionery and popcorn was passed around by two little boys, Larrie Stetson, a half brother of the groom, and his little neighbor, Gerald Day.
